

Oakville

Custom Home

We proudly serve home builders throughout Ontario, providing top-quality glass solutions for their projects. In this particular undertaking, we supplied and expertly installed sleek 1/2" thick tempered safety glass panels, which were securely mounted using stylish spigots, robust glass clamps, and durable standoff spacers. This combination not only enhances the aesthetic appeal of the space but also ensures maximum safety and stability.

Our railing systems are lab-tested to meet and exceed local and int'l building codes.

Custom glass work - Railing - Pool Fence
- Showers and more
